NHS Diabetes Programme in South Yorkshire and Bassetlaw

Healthier You: NHS Diabetes Prevention Programme

You have taken an important first step and found out you are at high risk of Type 2 diabetes.

The NHS Diabetes Prevention Programme will help you take control of your health, supporting you to make changes to your diet, weight and the amount of exercise you do.

Taking this kind of action now is very important as it can reduce your risk of, or even stop you, developing Type 2 diabetes.

How does it work?

In a group setting, you will work with a trained health coach to learn the skills you need to make lasting lifestyle changes. Our nine month programme will help you to:

- Learn about nutrition and health
- Add physical activity into your lifestyle
- Stay motivated
- Solve problems that can get in the way of healthy changes
- Gain life changing skills and knowledge for long term success

Programme commitment

Spaces on the programme are limited so we ask you to only join if you can commit to attend:

- A one-to-one initial assessment
- Group sessions that include healthy lifestyle advice, physical activity and strategies to help you maintain your lifestyle changes
- Three one-to-one progress review sessions at three, six and nine months

Sessions are held at various locations with times to suit you, including during the day, evenings and weekends. So you're sure to find a group convenient for you.
